

SCCL Expands with "Premier" Division

The SCCL will be expanding in 2019-20!

The **Southeastern Clubs Champions League** is pleased to announce an expansion for the 2019-20 seasonal year. Following the very successful 2018-19 inaugural year, and due to the increased interest from clubs in our region, the SCCL is expanding its structure to include a new SCCL Premier Division during 2019-20. SCCL Premier (SCCL-P) will extend the same level of professionalism and quality competition as its predecessor, the SCCL.

SCCL Premier will be an elite-level, club-centric league: Each participating club will compete with both boys and girls teams in every age group from 13U-19U. Identical to the SCCL, clubs will play home and away fixtures with each club, and all gender-specific teams will play on the same date, against the same club, at the same venue in each fixture. The exciting SCCL match day standards will continue to improve and enhance the experience for players, parents, coaches, and referees across the Southeast.

All SCCL Premier clubs will play a minimum 12-game schedule with economical travel which will allow clubs and teams to participate in high level tournaments, showcases, and other events which will enhance and improve their teams' development and exposure to college soccer programs. ***SCCL Premier clubs and other 2019-20 league enhancements will be announced soon!***

The Southeastern Clubs Champions League was formed in 2018 by clubs searching for a better way to offer youth soccer programming for the serious soccer player. For those interested in learning more about SCCL, please visit our website at www.southeasternccl.com. A membership application is also available online.
