Multi-Disciplinary Approach

How We View Sports Travel

Technical & Tactical

- Train with the best teams and develop with the best coaches.
- Experience and be part of the best youth development environments and facilities.
- Understand and appreciate what an Academy player in Europe faces, and how his success is created and supported.
- Be exposed to coaching styles and a way of learning that supports the individual development of all players within a team dynamic.

Games Programme

- Take part in a games programme that provides challenge and effective opposition.
- Be placed outside of your comfort zone and put in a position where you must learn how to adapt in games where cultural styles will create challenge and resistance.
- Grow with your teammates to problem solve and succeed together.
- Be able to use what has been learned in training when in the game environment.

The Player

Social

- Be placed in a situation where you are traveling with your teammates to a foreign country and allow it to help you grow closer together.
- Experience the thrill of training in the best professional environments in the world and living a shared experience with your friends and teammates.
- Learn as a team to deal with challenge and the differences of being abroad as you have to adapt and overcome together.
- Be able to meet and interact with your peers in Europe and share your experiences of soccer and life.

Cultural

- Experience what about Europe and its football heritage provides such an enriching learning environment and opportunity to bond as a team.
- Get to learn about the culture and history of the places you stay and create memories that are irreplaceable or impossible to recreate anywhere else.
- Be able to share these experiences with your family.
- Try new food and experience the closeness of European cities.
- Attend live matches and *feel* the noise and atmosphere change your perspective overnight.

Single Occupancy

- Means you have your own room.
- If you are traveling alone with your child and the Club has asked for players to room together and you **DO NOT WANT** to share a room with another supporter, then please select **SINGLE ROOM** when you checkout. This includes a Single Room Supplement.

SUPPORTER PACKAGE

"What if we are a supporter and want to book our own transport/hotel/meals but just have our son/daughter stay with you?"

- This is absolutely fine, and you are welcome to do that! However, please note that everything becomes your responsibility at that point and if we do get tickets for any Professional Games, you won't be included on the allocation we request. It also means access to training sessions could be denied as that is only open to registered participants.
